

A HUGE THANK YOU

We wish to show our gratitude to all those who have helped and are continuing to help make improvements to our Rec center. The outpour of volunteers for each shift or day was very successful and kept us ahead of schedule for many items. The Rec looks wonderful and the playground is extra safe.

If you are still looking to volunteer, we still have a few items the board intends to improve on.

- 1) Ball Field Restoration underway
- 2) Basketball Court Restoration coming soon
- 3) Weed Control at the Playground

Please reach out to our Rec Committee Director Tracy Borne, she will best direct you to those on the committee helping to complete these tasks.

We are actively seeking more volunteers & would be thrilled to hear your ideas. Please give us the chance to work with you, let us know what role fits your time & passions.
